FRIDAY EVENING, JULY 6, 1900.

HICKS FOR JULY.

Og or about July 2nd, storms in the MississippiValley will develop and move eastward. The moon is on the celestial equator and at apogee on that day, which tends to intensify electrical and atmospherical unrest. The glorious "Fourth" will not be as red hot as is often experienced but a change to much warmer may be expected about the 6 h Cooler air, westerly winds and rising

barometer will set in for a brief spell about the S h to 10th. The next storm period is central on

the 22d. Full moon on that date and her perigee on the 14th, indicates very warm weather and active summer gust, progressively from west to east.

The moon's passage over the celestial

equator will keep up the temperatu e and excite unsettled weath r till the 19. One of the breathing spells of cooler, pleasant weather ought to occur about the 19th to 22nd.

We predict that one of the heated pe riods of July will develop during the storm period central on the 25th and extending from the 22nd to 27th, with a crisis of high temperature and threatening storms but with little general rain will occur about the 24th to 27th, con tinuing until the end of the month. There is a marked absence of combnations of storm producing conditions in our disgram for this month although many black and blustering clouds may We fear that much of our great, wide country will become dry and warm and a drought will set in, but no serious loss will result in July, if crops and gardens, up to this time, have been vigor ously worked and the soil thoroughly pulverized and not allowed to bake after June rains.

IS IT RIGHT For an Editor to Recommend Pat-

From Sylvan Valley News, Brevard,

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do be-lieve that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence o a physician would not be required. At least this has been our experience during the past twenty years. For sale by all druggists.
